

# Download Gas Laws Homework Answers

Get an answer for 'what the applications of the gas laws to the field of nursing?' and find homework help for other Science questions at eNotes15) Acetylene gas,  $C_2H_2$  is used for welding. A 5 liter supply of acetylene being stored at  $-23\text{ }^\circ\text{C}$ , exerts a pressure of 5 atm. At what temperature would the same number of moles of acetylene, moved to a 10 liter container, produce a pressure of 2 atm? Pump gas molecules to a box and see what happens as you change the volume, add or remove heat, change gravity, and more. Measure the temperature and pressure, and discover how the properties of the gas vary in relation to each other.
