

# Download Manual For 1966 Wheelhorse

PTO speed is based on engine speed. Implements are designed to function most efficiently at 540 PTO speed. If your tractor had a tachometer, there would typically be a mark on the face of the dial, you set the engine RPMs so that the needle is pointing at the mark and you have your PTO spinning at 540. The above photo is a restomod tractor, it started out as a 1981 Jake 16. I get so many questions about this, machine. It was a total ground up restoration. Assorted attachments and weights for your John Deere Lawn and Garden Tractor and Cub Cadet. Features & Benefits: Installs in Minutes After installing the included control wiring to the tractor, the Johnny Bucket Jr (JB Jr) attaches to the factories quick hitch.; Independent Lift The JB Jr has it's own dedicated electric lift system. To lift or lower, just press the toggle switch. It couldn't be easier. Down Force Pressure The JB Jr has just as much down force pressure as it has lift ...
