Your best companion in cnc machine shop. CNC programming operating manuals and many more. Yes 8' x 4' good old USA imperial system. I am guessing this would be an expensive machine but I was just curious. I have some parts cut on a water jet now and was wondering what it would cost to buy a laser capable of doing the job I could then use it for making other things as well. Just purchased a new Takumi with a Fanuc series Model D Control .. Bolt circle is 2/38 across with 3 hole evenly spaced. Program goes to the first position then alarms out ... saying wrong G code , Here is the program , What is wrong with this program??? I believe you need a P in the G34 line to tell ...
