Pontiac was a car brand that was owned, made, and sold by General Motors. Introduced as a companion make for GM's more expensive line of Oakland automobiles, Pontiac overtook Oakland in popularity and supplanted its parent brand entirely by 1933.. Sold in the United States, Canada, and Mexico by GM, Pontiac was advertised as the performance division of General Motors from the 1960s onward. I have owned the vehicle for 4 years now and probably have gone through about 8 sets of front wheel bearings. Some were cheaper products while others were supposed to be top of the line USA products.
