

Download Thank You Note For Clinical Instructor

I didn't have a chance to say goodbye to my instructor. Would it be okay to send a thank you card to my clinical instructor? I don't know her email, and we are not allowed to personally contact hospital staff while we are in the program. So the only way for me to contact her is by sending her a card to her hospital mailbox. I like that you refer to your personal work-related situations as examples when teaching a lesson along with regular course outline. I have learned so much from you and I look forward to learning more. Thank you for being a remarkable teacher and I am very grateful to have you as a teacher. Sincerely, Nicole D. My clinical instructor last semester perceived any type of gift or offering as a bribe. She felt it was ethically compromising. We gave her a thank you card with our own personal notes in it. No matter what the group chooses to do, I always write my own personal thank you note to an instructor. Shop Nurse Clinical Instructor Thank You Card created by NursesLounge.
