Volvo Penta AQAD 31 P-A reconditioned after removal from yacht with low hours. Did not work for application as hoped. Starts right up, happy to provide video. HI, I need to adjust the valves on my TAM41A engines, I have not got an engine manual to cover this....does any body have a link to the correct pages or the information I need. Gap to adjust for inlet and exhaust and if possible which valves to adjust when and if there is a routine to hand crank the engine as little as possible.....which will be hard with injectors in and full compression.
